

For Immediate Release

## **Shu Cosmetic Surgery Hosts an Open House for New Center**

**Minneapolis, MN (March 2012)** – Dr. Steven Shu, MD, MBA, and his dedicated staff at Shu Cosmetic Surgery are pleased to announce the clinic's new and expanded surgical center at Southdale Medical Center. Boasting 5,000 square feet of office space and a premier Medspa facility, Shu Cosmetic Surgery invites current and prospective patients to attend open house sessions on Saturday, March 24 and Saturday, April 21 from 10 am to 2 pm.

“With the addition of our Medspa, the clinic has tripled its original 1,400-square-foot space to 5,000 square feet,” Dr. Shu said. “This expansion will allow us to offer an even wider range of cosmetic services to our patients.”

The new and improved surgical center, located on the second floor of Southdale Medical Center, features five rooms dedicated to Medspa services alone, including a consultation room, photography room, facial room and laser rooms. In addition to three medical exam areas, the center includes two standard operating rooms.

“Our Medspa is led by highly-trained experts and offers a full range of non-surgical services, including microdermabrasion, chemical peel, cellulite and hair removal, laser skin care, and vein care,” Dr. Shu said. “Our equally extensive surgical facility includes services such as liposuction, breast and butt augmentation, tummy tuck, eyelid and eyebrow surgery, total facial rejuvenation, and vaginal rejuvenation.”

### About Dr. Shu and Shu Cosmetic Surgery

Shu Cosmetic Surgery provides patients with the most comprehensive cosmetic care and cosmetic surgeries, emphasizing minimal invasion and natural looking results. It offers the most extensive range of state-of-the-art technology in the state of Minnesota, with equipment serving every area of cosmetic care.

Dr. Shu is a board certified laser surgeon and an expert of office cosmetic surgeries in Minnesota. He has adopted many revolutionary techniques to achieve ideal results with more efficiency and safety.
